Partnership Opportunities  
**Make History with Us**

**Partner with Facing History in celebrating our new home, The Saltzman Family Center for Facing History and Ourselves**, located on the growing campus of Urban Community School. Our goal is to raise \$4MM by June 2024. Your investment ensures our stability and helps expand our footprint as an educational leader in fostering civic engagement, empathy, and social emotional learning. You will help us create the physical and emotional space to continue the mission of Facing History.

**"Facing History uses lessons in history to challenge teachers and their students to stand up to bigotry and hate."**
